Carmine, Texas 78932
Phone 979-278-3252   FAX 979-278-3063

Dear Parent/Guardian,

We are notifying all student families that we received notification today that a junior high school student has been lab-confirmed to have COVID-19. The individual was last present on the campus on August 28, 2020. Due to privacy requirements, we will not release the name of the individual or details that may identify him or her.

We are working closely with the local health department on this matter. We have identified any students or staff who may have met the definition of close contact with the COVID-positive individual and contacted them directly.

Out of an abundance of caution, we advise you to monitor your health, follow the CDC guidelines and contact your primary care physician if you develop symptoms, as well as our school nurse, Linda McCulloch, at 979-249-3200.

For this reason, we ask that all individuals continue to watch for symptoms of COVID-19 including the following:

- Feeling feverish or temperature greater than or equal to 100.0 degrees Fahrenheit
- Loss of taste or smell
- Cough, shortness of breath or difficulty breathing
- Fatigue
- Headache
- Chills, shaking or exaggerated shivering
- Sore throat, congestion or runny nose
- Significant muscle pain or ache
- Diarrhea, nausea or vomiting

Round Top-Carmine ISD is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our RT-C student.

If you have any questions or concerns, please contact me at 979-249-3200 or bschovajsa@rtcisd.net.

Sincerely,

Brandon Schovajsa, Superintendent
