At the July school board meeting, the RT-C ISD Board of Trustees unanimously approved the SSO school nutrition option for the 2021-22 school year. The SSO option provides the opportunity for every student at RT-C ISD to eat for free. This option is available on a one-year basis due to the COVID pandemic. I understand this has been a difficult time in many ways for our community, and I hope this program provides some additional financial assistance to all of the RT-C families during the 2021-22 school year.

Free/Reduced lunch qualification forms will still be sent home with students at the beginning of the year, and it is important for these forms to be returned to each respective campus even though the district will be serving free meals to all students this upcoming year. The SSO program will have to be considered on a year to year basis, and there is no guarantee that the program will be offered during the 2022-23 school year. By returning the school Free/Reduced forms, the district can properly assess future district needs.

Students will still have the opportunity to purchase a la carte items during the lunch periods. The a la carte items will require cash to be brought the day of purchase or money to be placed in a student's lunch account in order to purchase the items.

Sincerely,

Brandon Schovajsa  
Superintendent
