Dear Parent/Guardian:

Due to current low enrollment in the Pre-K class, RT-C ISD is going to offer a tuition enrollment opportunity for four year old students. This opportunity will only be offered for the 2021-22 school year at this time due to the low enrollment expected. Parents of students four years of age that live in-district will have the first opportunity to enroll their students. If the class size has not reached eight students after in-district parents have had the opportunity to enroll through July 30, 2021, then parents of students classified as transfer students will have the opportunity to enroll through August 5, 2021.

Enrollment will be based on a first-come, first serve basis, and parents must come to the elementary front office in-person to sign up for tuition enrollment. An informational sheet describing enrollment qualifications, payment, and district policies is included with this document.

Sincerely,

Brandon Schovajsa  
Superintendent
